

# LEADERSHIP HISTORY OF S. HIMMELSTEIN & CO.

**Development of Magnetic Tape Recording and Playback systems lead to desire to improve the method of signal transfer - Slip Rings**

**Invented Rotary Transformers to replace Slip Rings**

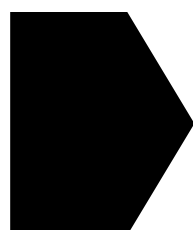

**1st Rotary Transformer Coupled Strain Gauge Torquemeter**

**1st Rotary Transformer Wheel Torquemeter**

**1st Loop Powered, 2-Wire Rotary Transformer Torque Transmitters**

**1st Rotary Transformer Mechanical Power Sensor**

**1st Dual Range Rotary Transformer Torquemeter**

**1st Rotary Transformer Digital Output Torquemeter**
