Issue #42 2026

### Torque Measurement Solutions for You

#### New for you: MCRT<sup>®</sup> 848/85800V Bearings Series

Our goal is to continue providing you with cutting-edge torque solutions. We are happy to announce this new Bearingless series.

What's changed? The [MCRT<sup>®</sup> 848/85800V](#) outputs torque, speed, and power in digital and analog form! Accuracy to 0.01% and torque ranges from 28.2 to 11,300 Nm. Huge bonus - they are great for easy to install and are perfect for applications in which you don't have much space!

White Paper

#### Ever Wonder Why?

We created a short but explanatory white paper which answers why engineers use our 700+ Series signal conditioners and how they help.

[Take a look!](#)

#### Need Help? Wayne Wants to Break Free!

Our Sales Manager, Wayne Fregeau, loves to help you with your applications and installations. He even goes so far as to deliver some products that are needed immediately when possible. Contact us and let us know if you need any hands-on assistance. Wayne will jump at the chance to come see you.

[Let us know what we can do for you.](#)

Time to talk torque with us in person? Steve Tveter and Wayne Fregeau will be at the Automotive Testing Expo from October 27-29. Register for your free entry pass [here](#).

Of course, you're always welcome to call. We'd love to help you.

#### About us:

**S.HIMMELSTEIN**  
& COMPANY

*Designing and Making the World's Best  
Torque Instruments Since 1960*

[www.himmelstein.com](http://www.himmelstein.com)

1-847-843-3300

[sales@himmelstein.com](mailto:sales@himmelstein.com)

Focused exclusively on torque sensors since 1960, [Himmelstein](#) designs and makes the world's best torque sensors, transfer standards, and instrumentation. Products include rotating and reaction sensors from 10 ozf-in to 8,850,000 lbf-in, in virtually every mechanical configuration. All are calibrated CW and CCW to full capacity in our ISO/IEC17025.2017 accredited laboratory.
